Comment Resolution Log

The table summarizes the comments that were received for the committee specification "[Common Security Advisory Framework Version 2.0](#)" and their resolution. Comments came to editors through the csaf-comments mailing list.

A status of "Completed" in the Disposition column indicates that the editors have implemented the changes on which the TC decided, which are outlined in the Resolution column. It also is a hyperlink to the GitHub commit notice.

The item number is a hyperlink to the email on the csaf-comment.

Item #	Date	Commenter	Description	Date acknowledged	Resolution	Disposition
--------	------	-----------	-------------	-------------------	------------	-------------

Item #	Date	Commenter	Description	Date acknowledged	Resolution	Disposition
1a	2022-09-14	Jerome Athias	Suggestion to add reference to ISO/IEC 19770	2022-11-02	CSAF already has an informative reference to [ISO19770-2].	Answered via email. No change required.
1b	2022-09-14	Jerome Athias	Suggestion to consider CoSWID	2022-11-02	CSAF uses the <code>x_generic_uris</code> to support no yet explicitly mention standards. This includes CoSWID.	Answered via email. No change required.

Evaluation of Feedback

The editors consider above public comments as well as other more editorial feedback documented as **Non-Material** per OASIS TC process.
